DETAILED ACTION

This Action is responsive to Applicant's RCE request filed on October 11, 2006 and amendment submitted on September 13, 2006.

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/11/06 has been entered.

Claims 3, 6 and 9 are pending.

Allowable Subject Matter

Claims 3, 6 and 9 are allowable over the prior art of record, renumbered as claims 1-3, respectively.

The following is an examiner's statement of reasons for allowance:

Claims 3, 6 and 9 are allowable because the prior art of record or that encountered in searching for the invention, fails to disclose or suggest a document search system wherein a weighting coefficient corresponding to a distance between documents is calculated using term appearance positions, and cosine of angle on extracted vectors is used to calculate similarity involving a weighting coefficient to search and retrieve similar documents, as claimed in addition to the other claim provisions.

Art Unit: 2163

Hence, claims 3, 6 and 9 are allowable.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The following prior art shows the state of art with respect to similarity search systems:

U.S. Patent No. 6,112,203 of Bharat et al.

U.S. Patent No. 6,480,843 of Li.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
